

IZAR

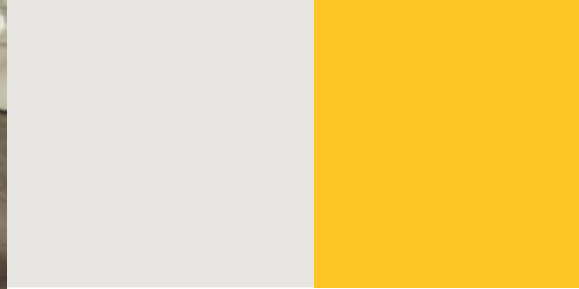

Design: RSTO

Modulaires, très solides et esthétiques, les chauffeuses IZAR s'adaptent parfaitement à tout espace d'accueil avec ses 6 modules configurables à souhait. Mousses en polyuréthane haute densité sur structure métallique. Tables basses assorties.

Modular, solids and aesthetics, the elements of the IZAR range adapt to all the reception layouts: closed or opened areas, returns, zigzags etc. High density polyurethane foams on metal frames upholstered and declined in 6 different units. Low tables complete the range.

Modulares, sólidas y estéticas, las butacas IZAR se adaptan perfectamente a cualquier espacio de recepción con sus 6 módulos configurables como deseado. Espuma de poliuretano de alta densidad inyectada sobre una estructura metálica. Mesitas a juego.
